

Environmental Policy Statement

Seriously Responsible Print Ltd is an environmentally accredited digital printing company. We aim to ensure that all our printed communications are sustainable and have as little impact on the environment as possible throughout the whole supply and manufacture of our goods.

We are committed to integrating environmental management into our entire range of business activities and the implementation of an Environmental Management System (EMS) that meets the requirements of ISO 14001.

Seriously Responsible Print Ltd undertakes to:

- Be a responsible organization and a reliable business partner meeting or exceeding our legal environmental obligations.
- Minimise the creation of waste and wherever possible establish a use for such waste.
- Ensure our policy is communicated internally to our company employees and to all our suppliers, contractors and other interested parties.
- Support best environmental practice throughout our supply chain.
- Reduce, Re-use and Recycle materials wherever practically possible and take steps to reduce pollution.
- Endeavour to use our resources efficiently, sourcing and utilising those with sound and proven environmental credentials.
- Develop our products, processes and working methods in order to continually improve our environmental performance.
- Regularly review and set environmental objectives and targets.
- Initiate an annual review of our environmental policy and those of our suppliers, contractors.
